2. I talked to [REDACTED] about a sculptor for certain decorative fixtures at the entrance of our new building. He told me that in conversations with Len Hunter, Public Buildings Service, they had felt that this should be taken up with the Fine Arts Commission to see if they had any ideas. I asked [REDACTED] to push this along as fast as he could. H

3. Larry Houston, Gates and I met again with Messrs. Samuelson and Keller of the General Accounting Office to discuss their desire to expand GAO audit activities in the Agency. I believe that we have now reached an agreement which would form the basis for a start. They clearly understand that we will not permit them to perform any audit activities in the Clandestine Services or in Intelligence or Support units closely related to the Clandestine Services and that we will not make available to them either audit reports or Inspector General reports. (See Memorandum of Conversation dated 8 October 1959.) H
